he had every reason for assuming, that he was ending both professional and personal existence.

"But the people of Kentucky have been aroused as never before by this latest manifestation of mountain anarchy, and they do not propose that Mr. Byrd shall be made another of its victims." Mr. Byrd has an honorable career wherever he may choose to go, but if he choose to remain at his present home he must be made as safe there as he would be anywhere else in the State.

UNUSUAL CONCESSIONS.

World's Fair Officials Will Allow Exhibits of Coke and Coal.

Wonderful progress is being made by the Mineral Exhibit Committee of the Kentucky Exhibit Association in procuring specimens for the display in the Mines and Metallurgy Building at the World's Fair in St. Louis next year. At the meeting of this committee, held in Louisville a few days ago, reports were made by the different members representing the different classifications in this department, which showed conclusively that the mineral exhibit from Kentucky at the Exposition will equal, if indeed it does not surpass, that of any other State in the Union.

The meeting was attended by the Hon. Charles P. Weaver, Chairman, of Louisville; Prof. C. J. Norwood, of Lexington, the committee's chief counselor; W. U. Grider, of Bowling Green, the committee's field representative; P. W. Grinstead, of Lexington; C. L. Searey, of Waco; Hywel Davies, of Kenner; J. W. Commack, of Owenton; W. E. Burk and J. W. Wright, Louisville. President A. Y. Ford, of the Exhibit Association, as ex-officio member, was also in attendance.

Mr. Grider has just returned from a preliminary trip through Eastern, Southeastern and Western Kentucky and made a very interesting report on the result of his tour. Mr. Grider's report was embraced in one made by Prof. Norwood, and showed that the following exhibits had already been arranged for:

Coal from Carter, Boyd, Lawrence, Bell, Laurel, Knox, Clay, Daviess, Henderson, Ohio, Union, Hopkins, Christian, Webster and Whitley counties.

Coke from all the coking establishments in the State.

Stone from Meade, Breckinridge, Hancock, Christian, Livingston, Hart, Rowan, Rockcastle, Carter, and the Big Sandy Section.

Commercial onyx from Hart county.

Lithographic stone from Meade and Rowan counties.

Clays and their products from Carter, Greenup, Madison, Breckinridge, Daviess, Union, Livingston, Hardin and Rockcastle counties.

Portland cement material from Meade and Rockcastle.

Salt from Clay and Meade.

Earthy minerals for paints from Breckinridge and Livingston.

Gems from Elliott county.

Iron from Lawrence, Bath, Trigg, Lyon and Livingston.

Lead, zinc and the spars from Franklin, Owen, Henry, Crittenden, Livingston and Caldwell counties.

Petroleum from Bath and Knox, with others to be secured.

Several members of the Mineral Committee remained in Louisville for two days, and on the second day had a long conference with Mr. E. W. Parker, Statistician of the United States Geological Survey, relative to Kentucky's part in the collective exhibit of coal and coke at the Exposition. Mr. Parker was designated by Mr. J. A. Holmes, Chief of the Department of Mines and Metallurgy, to install the coal feature from throughout the United States in this department. He has already paid visits to the coal producing States

and arranged for displays from all of them.

The Kentucky Exhibit Association having secured from Prof. Holmes several months ago, through Messrs. Weaver and Norwood, a promise to be allowed to show the State's coal and coke in the regular mineral exhibit of Kentucky, as well as in the U. S. Geological Section. This was a privilege denied other coal producing States, so Kentucky will be the only State in the Union with a coal and coke display in two different parts of the Mines and Metallurgy Building at St. Louis.

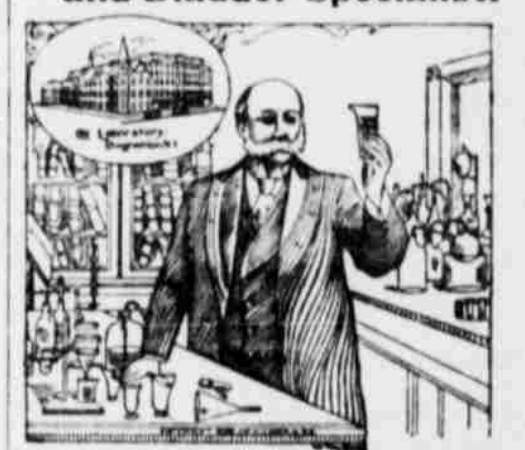

W. P. Cecil, of Cedar Bluff, Va., on Monday sold to J. S. Rittenhouse the surrey and team he and his wife and baby drove through, the price being \$360.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE HERO OF THE HOUR.
Anderson Floyd Byrd Makes a Record in the Jett-White Trial at Jackson.
From an editorial in the Courier-Journal reviewing the recent trial of Jett and White at Jackson, we extract the following complimentary notice of our fellow-countyman, A. F. Byrd, Esq.:
"But the man to whom, more than to all others, Kentucky's gratitude is awarded in this page of her dark history is Anderson Floyd Byrd, the Commonwealth's Attorney, who, almost alone and unaided, has fought this case to the very shadow of the gallows. His conduct of it has been vigilant, vigorous and able. That it has been brave to an unsurpassed degree is patent to every one at all familiar with the obstacles and influences which he so fearlessly defied. More than once since the beginning of this trial he has been compared to Folk, of St. Louis, but Folk, as splendid as has been his work, confronted no such obstructions and required no such courage as Byrd. Folk assailed corruption in city politics and risked only the enmity of those who at worst could only make political warfare on him; Byrd at every step took his life in his hands. His professional career, his very existence were bound up in the limited locality dominated by the anarchists who ruled by assassination and the menace of assassination which they had been sure to make good. When he determined to do his duty in this case, notwithstanding this menace

Ayer's quickly destroys malarial germs. Gives prompt relief in all forms of **Malaria and Ague Cure** living in malarial districts. All Druggists. Price, 25c.

JUDGE H. F. PIERATT.

JUDGE REDWINE and Attorney Byrd have both made a record on the Jett-White trial which is altogether encouraging to their friends. Just before this trial the opinion generally expressed showed that these gentlemen were in an unenviable position. In short, it was said that their hands were tied and they dare not make a vigorous fight for the right. They have shown in the recent trial that this report was unfounded, and if they still maintain their determination to "let no guilty man escape," they will win the plaudits of the entire world.

A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures blind, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by all druggists.

The Boston Evening News contains an article from the pen of our good friend, W. J. Lampton, in which he contradicts the reported statement of our good friend, Senator Joe Blackburn, as regards the people of this section of the country. Mr. Blackburn is reported to have said that the mountains were originally settled by convicts, and the "offal" of the country, and other derogatory language is said to have emanated from him. While we commend Lampton for his defense of a much abused people, we are of the opinion that Joe Blackburn never maligned the mountain people as he is reported to have done. Joe Blackburn knows, as does any other intelligent man in Kentucky, that here are born some men equal in native intellect to any that exist on the globe, and accept the theory that like begets like, these men could not emanate from a corrupt pedigree. Bill Lampton does know the people of this section, knows their environment and forced association, and with it all knows and says that they are pure in thought, honest in intention, and hospitable by nature. Joe must review and correct his statements, for he is too good a man to be placed in a false position.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. For sale by all druggists.

Since our last issue the trial of Jett and White, for the murder of J. B. Marcum, resulted in a hung jury, there being eleven for conviction of Jett, and one for acquittal, while in the White case there were five for acquittal. Commonwealth's Attorney Byrd moved for a change of venue, and Judge Redwine named Harrison county as the place of trial. This change of venue is by many considered the beginning of the end of terror in Breathitt county, and God grant that it may be so. Removed from local influence, there is no doubt but the accused will have a fair and impartial trial, and in face of the evidence it now looks like they will both be convicted. Should this be the result, they are almost sure to make confessions, and in these confessions they will necessarily name the promoters of the crime. That the reign of terror at Jackson will soon end is like the hand writing upon the wall. On Monday night Judge Redwine, Attorney Byrd and G. V. Beckham held a conference at the Phoenix Hotel in Lexington, and while their deliberations were not divulged to the citizens of the commonwealth, the belief is general that this trio will take steps to wipe out the troubles existing there. Not only in the case of J. B. Marcum, but in Cox and Cockrell's cases also. For the protection of citizens and those witnesses who have testified for the Commonwealth one company of the State troops will remain at Jackson, and no fear of violence is now anticipated. The men indicted for burning the hotel of Capt. Ewen are in jail at Jackson, and will remain there until a bond satisfactory to Judge Redwine is forthcoming.

Don't

Think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and debility.

On last Saturday Shade Banks, while handling his most highly-prized everything-else-appreciative pistol, near Stillwater, was accidentally shot in the leg, the ball making four holes. The wound is serious, though not fatal.

Mrs. Laura S. Webb,
Vice-President Woman's Democratic Club of Northern Ohio.

"I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax."

Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell 21 bottles of Wine of Cardui.

The editor and his better seven-eighths were invited, but the latter being indisposed we had to fill the place of "the two of us both," and whether we did so may be learned from other guests, mine host and hostess. But such a dinner would tempt any man to eat enough for two. We can't just recall the menu, but suffice that it embraced everything obtainable and was prepared by the hostess, than whom there is no superior in the culinary art in this part of the country. Mr. Cecil, wife and baby left yesterday morning for their home at Cedar Bluff, Va.

What at this time seems to have been a cold-blooded murder occurred on Johnson creek, a tributary of the Licking, in Morgan county, last Tuesday night, when T. Gordon Wells and Mat Nickell were shot to death by Clay Pate, it is said. Our latest information was that the inquest was being held. The shooting happened near Bill Prater's grocery, but Mr. Prater never said anything about it until the next morning after daylight, although it happened at just thick dark. Then, it is said, he went to a nearby neighbor and said: "There was some shooting down the road last night, and I would not be surprised if some one was killed. Come, go with me, and we will see." The man who is said to have done the killing had been living with Prater for a year or more, and a significant fact is before Mr. Prater reported the shooting the shooter had made good his escape. What the origin of the difficulty we have so far been unable to learn. Wells was there selling medicine, and the other man's business was unknown. Here is a case that demands the strictest investigation, and if the County Judge of Morgan county don't at once run down the criminal he is guilty of malfeasance. Crime is far too common in this section, and something done to stop it, or the best part of Kentucky will be blackened so densely that time cannot efface the mark. We say best because we have the wealth of the State, and but for such murders as the Johnson fork place us among the richest in the country. Crime must be checked even though it involves the State to thousands of dollars, and demands troops in every county. But if every officer will do his duty, there will be no need of troops.

Notice.

All persons indebted to the estate of D. B. Rose, Jr., deceased, are hereby notified to come forward and make payment of same at once. Those having claims against said estate will present the same properly proven by the 6th day of July, 1903, or they will be barred. Mrs. Rosa B. Rose, Administratrix.

"Greatest Power of the World."

Truly a prophet is not without honor save in his own country. H. D. Adams has been laboring in the Master's vineyard comprising this and contiguous counties, and has been an earnest servant in the Master's cause. But so far as our knowledge goes he has never done any more than many other ministers. That his energy and eloquence have alike escaped us is patent from a sentence in a handbill used to attract crowds to a camp meeting to begin July 4th in Lewis county. After naming several ministers who will take part in the religious services, the bill says: "And Rev. Henry Adams, the Christian, of Hazel Green, Ky., said to be the greatest power of the world, will remain with us during the services." We congratulate Bro. Adams upon the reputation he has made abroad, and hope that in the coming meeting he will in no wise disappoint his admirers.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala.: "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. For sale by all druggists.

STILLWATER SPARKLES.

Lizzy Taylor is very low with dropsy.

Uncle Bowen Rose is seriously ill at this writing.

Aunt Pollie Rose is very low at this writing with flux.

Taylor Hatton is very low at this writing with flux and rheumatism.

G. W. Sully has moved into his new house recently built by J. M. Taylor.

W. H. Taylor and family were visiting relatives and friends in Jackson Sunday.

Mrs. Ella Lacy will leave soon for East Stone Gap, Va., to live with her father, Steve Collier.

Ye scribe spent Saturday and Sunday with friends and relatives on Lacy creek, and took in the meeting there Sunday.

Uncle Reuben Collins got his wrist thrown out of place some weeks ago, and his hand and arm are swollen to a great size and very painful.

Two Mormon Elders, minus the long-tailed Prince Albert coat, are preaching at the Chambers Schoolhouse to small and unappreciative audiences.

Quite a large crowd attended the meeting at Laurel Saturday and Sunday. Among those in attendance we noticed Misses Millie Rose, Lydia Chambers, Dora and Emma Cardwell, Ollie and Mary Swango, and Jeff Chambers and Willie Taylor, all of Stillwater. All report a good meeting.

June 22. PRESTO.

You Must Settle Up.

As I intend to move to West Liberty I must collect what is due me, and all who are indebted to me are hereby warned to come in and make settlement at once. Otherwise the accounts will be placed in the hands of an officer for collection and you may have to pay costs. Meantime I will sell goods as cheap as anybody, or a little lower, and you can save money by dealing with me.

CAMPTON COURIER.

BENJ. SEWELL, Editor. VOL. I. No. 30.

Z. T. Hurst, of Boxer, was in our city last Saturday.

Hon. H. G. Garrett, of Winchester, was registered at the Combs House this week.

Edward Peters, whose illness has been reported in these columns, died on the 18th inst.

Born, on the 18th inst., to the wife of W. L. Byrd, a boy, the Rev. Dr. J. H. Stamper officiating.

A. R. Marshall, of Lexington, representing the oil company of John H. Morgan & Co., was at the Combs House this week.

J. W. Taulbee was here last Friday and Saturday to superintend the examination of applicants for certificates to teach school.

A. F. Byrd, accompanied by his wife and their daughter, Bessie, and son, Herbert, left here Sunday for Irvine to attend Circuit Court.

Ye editor went to Jackson last week to witness the closing exercises of the Jett-White trial, and is gratified to know that the holy alliance of Hargis & Redwine is broken.

S. G. Drushel is having two rooms of his dwelling fixed up, O. "so nice." This looks awful suspicious, but we wish to remind him that no one is qualified nor ready to marry unless he is a paid subscriber to THE HERALD.

J. F. Vansant, formerly a citizen of this town, is here this week looking after some real estate deals in which he is interested. As has an option on the Henry Madden farm, on which T. M. Beckett has recently drilled a good oil well, and it is thought he will close the trade for this farm while here.

Find enclosed check to the tune of the proper amount for which have the Weekly Courier-Journal sent to T. F. Stamper, Campton, Ky., one year, and extend his subscription to THE HERALD for same period of time. Who will be the next to hand us a dollar for these two news's sparkling, bright papers.

George W. King and John L. Sewell, of Holly, two swift bachelor candidates for matrimony, subject to the action of the undivorced Women's party, were in town last Saturday and registered at the Campbell House to get "chicken" for dinner. The boys say "checks" don't go at the Campbell House—nothing but money accepted.

T. M. Beckett completed well No. 2 on Henry Madden's farm, near this town, last Friday. It is a fine producer, much better than his Cabell farm well, which by test yields fifty barrels a day or more. The oil was found at a little over 1,200 feet. The oil sand is fine and of splendid thickness. It is thought the Madden well will produce 100 barrels or more per day. It is the candid opinion of Mr. Beckett that this vicinity will prove the best oil territory in Kentucky. He is more than encouraged—he is pleased—with the outlook, and is arranging to order more machinery and drill in earnest. He has a large territory that has been tested by the drilling of these two wells, and is happy that he has a rich thing in the way of oil here in Wolfe county, near the coming city of Campton. The Wolfe County Oil and Gas Company has plenty territory adjoining the tracts of land where these good producing wells are. They are "in it," too, and will be up and doing for oil. The Red River Oil Company has some splendid territory, and will come in for their part of the fortune to be made out of oil and gas. Development will commence on a gigantic scale. The territory around here has been proven to be valuable to a great extent. Kentucky is but an extension of the great oil fields of Pennsylvania. This does not call for excitement; it calls for clear-sighted, plain, common-sense business judgment on the part of all oil prospectors, promoters and investors. There are golden opportunities for the investment of capital that will bring in big returns on every dollar invested. These opportunities are open for the rich and poor alike. Fortune after fortune has been made in oil—fortune after fortune is yet to be made in oil. Kentucky has the oil—Wolfe county is the center of a great oil pool. Geologists of experience have said so; the drill, that has been 1,200 feet down under the ground, swears that it is so with the lasting and enormous producers that have been brought in here in Wolfe county. It is time the eyes of the moneyless men were opened: it is time the coffers of the moneyed men were opened and put to development of the oil and gas resources in this section. Money is here, but it will be here in enormous piles to do development on a larger scale. Old experienced oil men, who have made fortunes, are coming to the front. They are now swarming into this section eagerly grabbing and taking up territory with no other purpose in view than to do development work. It is but a matter of time until Wolfe county comes in as one of the richest in

the State—richest in oil, richest in gas, richest in coal, richest in money, richest in womanhood, richest in manhood. It is hoped the people of Wolfe will reap their part of the fortunes to be made in oil. But they cannot, and will not, do this by looking on. They must put their brains to working in a straight-forward, business-like way. They should carefully scrutinize every investment proposition submitted to them. Certainly they will have bonanza opportunities to invest some money in oil stock that will yield large returns on every dollar invested. It is not necessary that all should be promoters of some company. The idea is to invest some money in companies managed and controlled by honest business men, and that have fair prospects of success. Do not look at these propositions in the light of speculation, but as only presenting to you a plain, business proposition, with a chance for a wise business investment of your money in a business matter. The idle man is a drag to society. Idle money is a drag to the holder thereof, because he gets no good out of it except the satisfaction of holding it. Money invested in something that brings in a profit on the investment is the money that has the ideal ring of happiness in it. We know of no better investment to recommend than an investment in oil stock that can be purchased anywhere from five cents to twenty-five cents on the dollar. Don't lag; be awake. Watch for the opportunities. Grab them by the horns.

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for Dyspepsia, but have never been able to find anything that would affect a cure until I used Kodol Dyspepsia Cure. I have suffered with stomach trouble for years. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything and feel that my health is better than it ever was in my life. I cannot say enough for Kodol, for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky. Sold by all druggists.

Rev. Wm. Clarke, of Lexington, will lecture on Friday night at the Christian church, his subject being "My Ain Countrie," in which he will tell all about New Zealand—the natural resources, the products, the scenery, the system of government, etc. As it is the best governed country in the world, it will repay all who attend. The admission will be 10 cents.

Startling Evidence.
Fresh testimony in great quantity is coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentorville, Va., serves as an example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Trial bottles free, regular sizes 50c. and \$1.00.

We understand that the Hazel Green Base Ball team will probably go to Jackson next Monday to play a return game with the boys up there. The boys are getting in good shape, and will be in fine fettle by the time "play ball" is announced. Willie Quicksall says that it is going to be another "mop up" sure, and you know if Willie says so it must be so.

F. M. Long and Crockett Coldiron left Wednesday morning for Mt. Sterling on business. Mr. Long had in charge the pony recently presented to Miss Daisy Day by her grandfather, and will return it to the blue-grass. While quite a pet and a beautiful animal, it is said Miss Daisy was "aftered" to risk herself too much behind the fiery little steed.

Thrice-a-Week Edition.
Read Wherever the English Language Is Spoken.

THE Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory in the Union, and wherever there are people who can read our mother tongue.
This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.
The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.
The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political campaigns.
In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.
The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers.
